# The Path

## Chapter 1 by NumericalPants

From when I was in the Nursery, I've been told how I was different, how I was special. It was only once I reached adulthood that someone said to me just how I was special, how I had power. They said I had access to something called the Path, the links between particles. It explained many things that happened throughout my life, such as in Advanced Learning when an upperclassman harassing me pushed me past my limit and a wave of anger passed over me and my surroundings. I still have nightmares of the fire down the entire hall and the other student's flesh melting and his organs falling to the ground.

I was having one such nightmare when I was jolted awake by someone putting a bag over my head.
